

Individual & Family Services

If your family member is a client of the **Developmental Disabilities Administration (DDA)**, they may be eligible to receive a broad array of services and supports through the Individual & Family Services (IFS) waiver. IFS has four different funding levels (determined by assessed need): \$1200; \$1800; \$2400; \$3600.

Family Income is Not Considered. After an assessment determines level of need, a financial eligibility determination is made based on the individual's income*, not the family's. In addition to IFS services, clients on the IFS waiver will be eligible for Apple Health/Medicaid health care.

IFS SERVICES INCLUDE:

- Assistive Technology
- Behavior Support & Consultation
- Community Engagement
- Environmental & Vehicle Modifications
- Peer Mentoring
- Person Centered Planning Facilitation
- PT, OT, Speech, Hearing & Language
- Respite
- Skilled Nursing
- Specialized Equipment & Supplies
- Specialized Habilitation
- Specialized Clothing
- Stabilization Services
- Staff/Family Consultation
- Supportive Parenting Services
- Therapeutic Adaptations
- Transportation (non-Medicaid Broker)
- Wellness Education

If your son/daughter has a need that could be met by the IFS waiver, call DDA and request IFS services or use DDA's online Information and Service Request Form: dshs.wa.gov/dda/service-and-information-request.

*Clients who have resources in their name (not family) in excess of \$2,000 may not be eligible for the IFS waiver.
