

COVID-19

COVID-19 TESTING AND RESOURCES THROUGHOUT WASHINGTON STATE

WHY IS TESTING FOR COVID-19 IMPORTANT?

Testing for COVID-19 plays an important role in maintaining and tracking the spread of the virus. Testing provides people the accurate information for taking precautions to help reduce the spread of COVID-19, like quarantining. Testing if you have symptoms or have been in close contact with a person with COVID-19 works towards stopping the spread of the virus.

WHEN SHOULD I GET TESTED?

You should seek testing if you have symptoms of COVID-19 or have been in close contact with someone who has COVID-19. If you come in contact with an expected case of COVID-19 you should test immediately or 5 days after your suspected exposure, even if you are not experiencing symptoms.

WHERE SHOULD I GET TESTED?

You can visit the WA State Department of Health for a directory of testing sites within each county. Visit <https://doh.wa.gov/emergencies/covid-19/testing-covid-19/testing-locations> to find a testing location.

HOW CAN I GET AN AT-HOME TEST?

Washington state is offering free, rapid, at-home COVID 19 test kits to eligible communities. To order tests visit <https://www.sayyescovidhometest.org/>. To view the site in Spanish visit <https://www.sayyescovidhometest.org/casa.html>.
