

# Understanding Housing Series in Spanish

Session I Friday, October 14 10 am– 12pm

Session II Friday, October 21 10am-12 pm

These workshops are designed to help families understand the service basics of Housing. The first session focuses Includes: What services are needed to get ready for housing, what do I need to think about and how to start on your housing journey.

Session II you will learn about the various housing models available in Washington State, including Adult Family Homes and Shared Living. Learn about the availability of each model, how they work, the cost to families and the pros and cons of each. Discuss general things to consider in selecting a model for your needs.

---

The road to independence for adults with intellectual and developmental disabilities includes secure and affordable housing. Community Homes has created a three-tiered workshop program to provide information regarding the steps for accessing housing and the different models available.

---

This program is made possible with human services funding from the City of Bellevue, City of Bothell, City of Redmond and City of Woodinville, King County and Snohomish County
